P/16/135 Apologies for Absence

Apologies had been received from Cllrs Newell and Haswell.

P/16/136 Public Question Time

Two local residents made several comments to the committee, outlining their reasons for strongly objecting to the current planning application for Kilchelwin, 41 Wesley Road (16/02518/HOU). They were concerned with regards to the newly built ground floor extension not having been included on the plans for 16/02518/HOU, as well as the size of the new proposed dormer window. They felt that this larger dormer window would not fit with the balance and symmetry of the area and would affect the enjoyment of their rear garden.

The owner of Kilchelwin, 41 Wesley Road stated that the original application submitted before Christmas 2015, was amended on the advice of the WCC case officer to be more sympathetic to the neighbouring property. This amended application was approved by WCC planning department. Photographs of 41 Wesley Road, and neighbouring properties, were presented to the committee. The reason for submission of the new application (16/02518/HOU) is to combine 2 of the previously approved dormer windows, into a large single dormer window, due to interior access issues into the bathroom.

The owner also stated that permitted development rights do not apply to the first floor or above, on their property. They were advised by Ben Hatt (WCC Planning Officer) not to include the newly constructed ground floor extension on the plans for this application (16/02518/HOU), as this extension was covered under permitted development rights. They began construction in April 2016 on the previously approved extension and dormer windows but at the time, were under the impression that any changes to the dormer windows would be covered under permitted development.

It was agreed to move the consideration of the planning application (16/02518/HOU) to this point in the meeting.

P/16/137 To Consider the planning application (16/02518/HOU) Kilchelwin, 41 Wesley Road

Cllr Gordon stated that he felt the extension should have been included on the new plans.

All committee members felt that there were no grounds to object to the application, however, it was agreed for Cllr Gordon to speak to the case officer with regards to lack of inclusion of the ground floor extension on the plans.

16/00049/REF (appeal ref: APP/L1765/W/16/3154950)	Tudor Cottage 22 Church Lane Kings Worthy Winchester Hampshire SO23 7QS	Proposed new three bedroom house (WITHIN THE CURTILAGE OF A LISTED BUILDING) (AMENDED PLANS 14.01.16)	The Parish Council are concerned with regard to the revised parking facilities, as the amendments now show that parking for the new house has been moved to the front of the building. This will result in cars reversing onto Church Lane at its narrowest point close to a bus stop. There is also a lack of visitors parking, with Church Lane being as narrow as it is especially at this part of the lane there is no on street parking available on Church Lane. The vehicle splays on the plans submitted to Winchester City Council are not clear and appear to show a splay indicating that vehicles which will not allow easy access to the proposed new parking area if entering when coming from the direction of the B3047. It is also noted that in providing parking facilities at the front of the property, the fencing shown in the previous plans which would have screened the property have been removed. Being in a conservation area there is no screening to hide a modern property that sits adjacent to a historic thatched cottage.	Refused

15/00135/MIXED	1 Edinburgh Road, Kings Worthy, SO23 7NY	Alleged unauthorised use of land, untidy site and construction of a shed on a concrete foundation. 16/00219/PLAN	Kilchelwin, 41 Wesley Road, Kings Worthy, Hampshire, SO23 7PX	Site visited, met with landowner and inspected the alleged breach. A 4m deep single storey rear extension has been erected but had not yet been completed, and the garage that had once been attached to the gable had been demolished in preparation of the works to erect the two storey side extension approved by under 15/02895/FUL. The landowner showed me the approved plan which showed the side extension and three roof dormers of equal size providing balance and symmetry to the rear elevation. He stated that it was his intension to change the roof design and erect one large dormer on the dwelling and leave the smaller one on the extension. I advised that an application showing the actual and proposed works would need to be submitted because he would not be building to the approved drawing.
