Construction of two dwellings, following demolition of garage and garage-link building. (3 and 4 Court Road)

Response/Action – The Parish Council wish to object to this development on the following grounds:

- We do not see what the applicant has done to mitigate the previous objections or grounds for refusal.
- The proposed development is still failing to achieve a satisfactory relationship with the existing pattern of development and is contrary to local plan Policies CP13, CP15, CP16, DM16 and the Council's High Quality Places Supplementary Design Guidance.
- It is considered that the proposed development would result in significant harm to the Special Protection Area (SPA) and the species that it supports, therefore contravening the legal requirements of the Wildlife and Countryside Act 1981, the Habitat Regulations. The proposal is also contrary to Regulations 63 and 64 of the Conservation of Habitats and Species Regulations 2017 and Policy CP16 of Local Plan Part 1 as it is considered that the proposal will have a likely significant effect on a national protected site through an increase in nitrate input which has not been addressed.
